Assessment Auditing

Assessment Auditing

VALIDATING AUTHENTIC TESTING PRODUCTS

With the revamping of state and local accountability systems in response to ESSA, comes an evaluation (*VETT*) of our common assessments. Whether generated within districts, by vendors or collaboratively between the two, the ultimate goal is to assure students are meeting their growth potential through measuring our impact on learning.

When you choose to partner with Instructional Services from Hamilton County ESC, we strive to make our relationship one that solves your challenges and simplifies your life. That's what we do. Have you been thinking about bolstering your programs with top-notch consulting? Embedding virtual coaching as a way to take your professional development to the next level? Auditing your assessments to validate their effectiveness and authenticity? We can help. Our consultants have experience in virtually every aspect of school improvement and dedicate themselves to keeping abreast in the current educational research. We can deliver custom-created professional development solutions and programs to meet your needs. The team at Instructional Services from Hamilton County ESC is ready to partner with you.
